Hi Rob!

I hope our discussion last night resolved your concerns. Please share the highlights with President Standifer. This is a government-to-government consultation "leadership meeting." We've actually had many government-to-government consultation meetings with the Native Village of Tyonek about the proposed Chuitna Project over the past several years, but this is bigger. Thanks for the nice note later last night. I'll be without email access the rest of today, but I'm hoping you can let our email group know as soon as possible about lunch. Thank you for all your efforts. See you tomorrow!

Hi Kathryn:

I have requested that the agenda that you just sent be printed for the meeting.

I am confused and concerned, as to why the title does not refer to this meeting as a government to government meeting. Please explain and please let us know if this is not a Government to Government meeting. I am not sure why you are calling it a Leadership meeting instead.

Thanks Rob

We're fine with adding NVT requests to the end of the agenda. However, things like the title have procedural importance, and the purpose, who represents who, and participants need to be included. Please share the updated draft here with President Standifer and the Council. Thanks!

Greetings All!

I'm heading out to Alaska tomorrow, and will be without email access most of the day. Since I haven't heard from anyone, I went ahead and typed up the draft agenda so maybe it can be shared with Council tomorrow and we'll definitely have copies with us Thursday morning. Four of us from EPA will be coming out (Rick, Jamey, Cindy, and Katherine), so please let us know about lunch so we'll know what to bring. Keith Cohon, Assistant EPA Regional Counsel, and JR Herbst, EPA

R10 Tribal Consultation Specialist, will be joining us by phone.

Arrival Confirmed

Hi Everyone!

We've confirmed our flights out leaving Anchorage at 10:00am and back leaving Tyonek at 4:30pm. We've also added Cindy Godsey, Alaska Mining

Coordinator, to the list of EPA attendees. As Rob and I discussed today, this timeframe should allow plenty of room for arrival, coffee, meeting, lunch break, more meeting, a tour of the community, maybe another activity, and departure. Rob and I will be working on logistics

and the detailed agenda next week.

I just wish we were coming out today! Hope the Culture Camp this weekend is great!

Confirmed

Hi Everyone!

We're on for a government-to-government consultation leadership meeting,

Thursday August 11th at 10:00am. We'll be in touch later this week about meeting logistics, and whether there might be any other activities

to try to build into our visit to Tyonek. The summary that follows is

based on my notes from our group discussion yesterday.

The purposes of this meeting are: 1) to improve the Native Village of Tyonek's understanding of EPA and Clean Water Act roles in the permitting process; and 2) to improve EPA's understanding of the Native

Village of Tyonek's views and concerns about the proposed Chuitna Project. Meeting agenda topics will include:

Introductions:

Goals and expectations;

EPA Consultation Policy and Procedures;

EPA roles and responsibilities;

Clean Water Act implementation and oversight;

NVT questions and concerns;

EPA resources available to assist tribe;

Possible MOA between EPA and NVT;

Identification of next steps.

Frank Standifer, III, President will represent the Native Village of Tyonek, and Rick Parkin, Acting Alaska Operations Office Director will represent EPA at this leadership meeting.

The Native Village of Tyonek Council, Julia Shanagin, Tribal Administrator, and the following people will participate in this meeting. Jamey Stoddard, Project Manager, is EPA's Chuitna Project Lead

and technical point of contact for this consultation. Harriet Kaufman,

Environmental Coordinator, is the Native Village of Tyonek's Environmental Program Manager and technical point of contact for this consultation, Jessica Standifer is the Environmental Assistant. For planning and facilitation purposes, Rob Rosenfeld, NVT Policy Advisor (consultant) is serving as the primary point of contact for the Native Village of Tyonek, and Katherine Brown, Tribal Coordinator and Tribal Specialist, is serving as the primary point of contact for EPA. Heather

Kendall Miller, NVT Counsel (consultant), Tami Fordham, Alaska Resource

Extraction Tribal Policy Advisor, and Keith Cohon, EPA R10 Assistant Regional Counsel, may also attend.

Please let me know if I missed anything. Thanks!

Subject: August 11th confirmed with advisors present

To Katherine, Jamey, and Tami:

President Standifer, Harriet and I just spoke on the phone regarding the

August 11th meeting.

The decision has been made to invite Heather Kendall - Miller with the

Native American Rights Fund to be at the Government to Government meeting on August 11th. As noted in the conference call Heather will be

advising the NVT - IRA Council throughout the permitting process.

It would be ideal if this meeting can still occur on August 11th, despite the above decision. The next available time will be in early October.

Best wishes

Rob

Greetings Everyone!

I'm writing to confirm that Jamey Stoddard (EPA's Chuitna Project Manager), Tami Fordham (EPA's Alaska Tribal Resource Extraction Policy

Advisor), and myself (EPA's Tribal Coordinator for Southcentral Alaska

and Tribal Specialist for the Office of Ecosystems, Tribal, and Public

Affairs) are all available for a short teleconference next Tuesday July 26 at 12:00 noon Alaska time.

The purpose of the call is to discuss goals and expectations for government-to-government consultation between EPA and the Native Village of Tyonek on the proposed Chuitna Coal Project. Another thing

we need to do, that should help streamline the process, is to establish who will serve as primary points for EPA and the Native Village of Tyonek in future planning for this consultation.
